Vital Potash™

NPK 11.0.44

Fortified & Enriched with Micronutrients.

Vital Potash is a unique blend, rich in potash which ensures a supply of nitrogen and potash.

پاکستان کے رنگ۔ وائٹل ایگری کے سنگ

A Premium 100% Water Soluble NK blend. Potash plays crucial roles during the life of plants but especially during the fruiting stage. Fruitarian is a unique blend, rich in potash which ensures supply of nitrogen and potash. The ratios of N & K are designed to maximize nutrient use efficiency. Sufficient availability of potash to the plant ensures the building of its immunity against diseases.

Chemical Analysis

Vital Postash™

Macro Elements (w/w)

Nitrogen(N) 11 %

Phosphorus (P_2O_5) 00 %

Potassium (K_2O) 44 %

Trace Elements (ppm)

Iron (Fe) - EDTA -

Copper (Cu) - EDTA 100

Manganese (Mn) - EDTA 100

Zinc (Zn) - EDTA 100

Boron (B) 300

Molybdenum (Mo) 10

Physical Properties

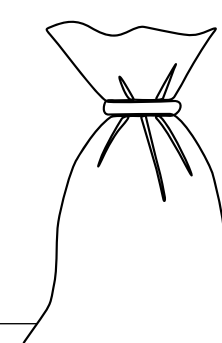

Appearance Crystalline

Color Cyan

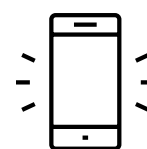

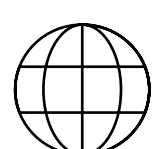

Moisture (%) < 2

pH (5% solution @ 25 °C) 5.5 - 6.5

Available in **5 Kg** | **20 Kg**
